

Matters on the agenda:

1. Project meeting in Turkey 11 – 17 February, 2018

- we discussed whether to bring students to Turkey or not. Adil assured us that everything was normal in Turkey:
  - Germany: the headmaster of the school does not want teachers / students to go to Turkey
  - Adil was suggesting that transnational meeting be held in Portugal, not Turkey
  - Slovenia: according the foreign affairs ministry; it is ok to travel to certain areas in Turkey; they would bring teachers and student (1 student only)
  - Iceland: only 1 student but still uncertain
  - Finland: the opinion of Ministry of Foreign Affairs is that security situation is still unsure, you have to be very cautious at least in certain areas in Turkey
  - Adil: instructions to fly: first to Istanbul (Hki-Istanbul) and from Istanbul – Trabzon – from there by Adil’s car (Trabzon – Rize).
  - Tanja’s suggestion: budget - Portugal is paid as a transnational meeting (=less money than LTT) – Turkey would be a transnational project meeting (if no students to Turkey) but then we take 4 students to Portugal instead?
    - suggestions: 8. – 14.4. Portugal, LTT with students
    - Turkey TPM, only teachers, (only three days meeting?);
  - Bertha mentioned that all the options would be: 1) just teachers to Turkey 2) max 1-2 student 3) change the date for the last meeting (final summit) 4) find another place altogether
- finally we decided on leaving just two options open:
  - 1) original option
  - 2) to move the meeting to May, and have the last meeting in Turkey (shorter meeting on 7. – 11.May)
- **the deadline to report our decision to Bertha is on 13 Oct**

2. Web page and e-twinning

web page:

- upload all student material/products to wiki-pages
- everybody will send their presentations to Adil or upload them themselves
- the countries that have the uploading right can upload themselves

e-twinning:

- e-twinning / e-twinning live- COCI
- go to link “re-open the project”
- members are invited to COCI-project

3. Tasks for the Turkey meeting

- voluntary work for students / Bertha's suggestion
- SF: to contact Mosaiikki-project, not give donations but give time, participate in clubs etc...
- collecting funds, clothing...
- tasks for Turkey: human geography – where are refugees coming; where are they heading? Are they stopping in their country?
- no more posters – students will create market place; like fair stands (human geography)- students should have a set of questions

4. Discussion about a new Erasmus+ project

Finnish participants say it is unlikely that they will be part of a new project application but others are interested.

Topic suggestions:

- Angelika: topics; entrepreneurial mindset OR how does learning change in a digital world
- Adil: learning in a digital era
